INTERNSHIPS AND PROJECTS

Projects	<p>Safe Kerala (Duration January 2024 - March 2024)</p> <p>The Migrated Workers Portal simplifies the process of finding authorized workers from outside Kerala by allowing police-verified individuals to register their details. Users can easily search for workers based on their needs, while police oversight ensures reliability by blocking workers with criminal records. Admins monitor the platform to ensure smooth operations, providing a reliable resource for connecting employers with skilled workers.</p> <p>Online billing system (Duration September 2023 - November 2023)</p> <p>The "ONLINE BILLING SYSTEM" project aims to revolutionize traditional billing methods by providing a digital platform for businesses and consumers. It includes features like user authentication, invoice generation, payment processing, and record-keeping to streamline and automate the billing process. The system's primary goals are to enhance efficiency, reduce errors, and offer a secure and convenient means for financial transactions. Real-time monitoring and reporting capabilities ensure transparency and accountability in financial transactions. Ultimately, this system promises to promote a seamless and reliable approach to managing financial transitions in the digital age.</p>
